RR TEEN SET
SOLUTION

COMPANY PROFILE

Tin sheds, industrial sheds, PEB structures and roofing across Delhi NCR.

2016	500+	5.0
Serving Delhi NCR since	Projects completed	Rating on IndiaMART

Najafgarh, New Delhi

rrteensetsolution.com

WHO WE ARE

A fabrication and installation contractor. Every project is supervised from site survey to handover.

R.R Teen Set Solution is a GST-registered tin shed (teen shed), steel structure, PEB and fabrication contractor based in Najafgarh, New Delhi. We have been serving Delhi NCR since 2016.

We build for homes, shops, factories and warehouses. We are a contractor: we fabricate and install. We are not a steel manufacturer or a franchise.

Shed extension structure: steel portal frame.

AT A GLANCE

Serving Delhi NCR	**Since 2016**
Projects completed	**500+**
Customer rating	**5.0 on IndiaMART (verified supplier)**
Project size we take	**100 sq.ft to 1,00,000+ sq.ft**
Registration	**GST-registered, GSTIN 07DJCPK0635M1Z5**
Office	**Najafgarh, New Delhi 110043**
Working hours	**Monday to Saturday, 9 AM to 7 PM**
Response time	**Enquiries are answered in about 2 hours**

WHAT WE BUILD

Steel sheds and structures, fabricated and installed by our own team.

TIN SHED FABRICATION

Residential, commercial and industrial tin sheds with IS-grade GI sheets: terrace sheds, car parking sheds and shop-front sheds.

INDUSTRIAL SHED

Factory and manufacturing sheds with an MS frame and earthquake-resistant design. Fire exits, ventilation and fire-retardant coating can be planned at design stage.

Up to 60 m clear span
EOT crane support from 2 to 10 ton

PEB STRUCTURE

Pre-engineered buildings, faster to build than RCC. Span, height, roof slope, colour, ventilation and mezzanine can all be customised.

Up to 90 m span
Designed to IS 800 and IS 1893 (seismic)

PREFAB WAREHOUSE

Weather-proof warehouses for logistics, storage and cold storage. Loading bays, dock levelers and wide gates can be planned at design stage.

Forklift-compatible
Clear height 7 to 12 m

ROOFING, REPAIR AND WATERPROOFING

Terrace, commercial and industrial roofing. Repair of leaking, rusted or storm-damaged roofs, and monsoon waterproofing.

AGRICULTURAL AND OTHER STRUCTURES

Agricultural sheds for poultry, dairy and crop storage, prefab factory sheds, prefab buildings and MS fabrication such as trusses, columns and purlins.

Steel frame fabrication: red-oxide primed, under construction.

Large-span PEB structure: galvanized steel, industrial site.

MATERIALS AND BUILD QUALITY

One documented material specification for the whole project, given to you in writing.

We use IS-grade certified structural steel with an anti-rust coating. Roofing sheets are corrugated GI, colour-coated or insulated panels.

The specification below is typical. The exact specification for your project is written into the quotation.

OPTIONAL ADD-ONS

Insulation sheet	Sliding door
Turbo ventilator	Anti-rust coating
Side windows	Colour options (15+ colours)

TYPICAL SPECIFICATION

Main pole	**4 × 4 inch, 10 gauge**
Purlins	**2.5 × 2.5 inch, 12 gauge**
Coating	**One coat of anti-rust black paint**
Roofing sheets	**Corrugated GI, colour-coated or insulated panels**

TYPICAL BUILD TIMELINES

Structure	Small	Medium	Large
Tin shed	**7 to 12 days** 500 to 1,000 sq.ft	**15 to 21 days** 1,000 to 5,000 sq.ft	**25 to 35 days** Large industrial
PEB structure	**25 to 35 days** Up to 5,000 sq.ft	**35 to 55 days** 5,000 to 20,000 sq.ft	**50 to 80 days** Large projects
Prefab warehouse	**15 to 20 days** Up to 3,000 sq.ft	**20 to 35 days** 3,000 to 10,000 sq.ft	**35 to 55 days** Large projects

Timelines are estimates and are confirmed after the site visit. A written timeline commitment is given before work starts.

WARRANTY

Standard workmanship warranty on fabrication and installation. Where applicable, the manufacturer warranty on sheeting is passed through to you. Terms are confirmed for each project.

AFTER-SALES SUPPORT

Raise a ticket on the Support page of our website for quality, delay, billing or GST, and warranty issues. Billing queries are usually resolved in 24 to 48 hours and site-visit issues in 3 to 7 days.

PERMISSIONS AND DOCUMENTS

Most residential and small commercial tin sheds inside your own plot need no separate permission. Large industrial sheds, or rooftop terrace sheds in Delhi, may fall under DDA or MCD norms, and our team guides you on this during planning.

For an industrial shed, keep the plot layout (naksha) and land documents ready. Approvals are discussed at the site visit.

HOW A PROJECT RUNS

From first call to handover, in the order it happens.

1

ENQUIRY

Call, WhatsApp or use the website. We answer in about 2 hours, Monday to Saturday, 9 AM to 7 PM.

2

FREE SITE VISIT

No charge and no obligation, anywhere in Delhi NCR. Our team looks at and measures your site.

3

WRITTEN QUOTATION

Shared on WhatsApp within 24 hours of the site visit. A same-day quote is possible for urgent projects.

4

SPECIFICATION AND TIMELINE IN WRITING

The material specification and a timeline commitment are given in writing before work starts.

5

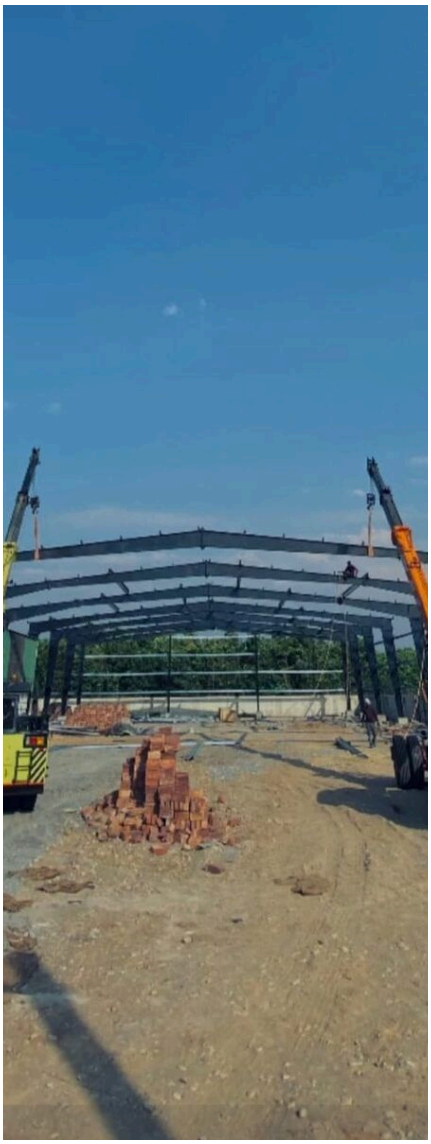

FABRICATION AND INSTALLATION

Supervised from site survey to handover.

6

HANDOVER AND SUPPORT

Standard workmanship warranty, and a support team for any issue after handover.

Large-span steel erection: crane-assisted installation, industrial site.

GST AND INVOICING

A proper GST invoice on every project, useful for B2B and government work. Quoted rates are before GST. GST is 18% for commercial and industrial sheds; some agricultural structures may qualify for a lower rate, confirmed at the site visit.

PAYMENT TERMS

Typically 50% advance and 50% on completion. Large projects can be milestone-based: booking advance, payment at material delivery and balance on completion.

We accept bank transfer, UPI, NEFT and cheque.

PROJECT PHOTOGRAPHS

Photographs from our project gallery.

Industrial warehouse shed: large span, blue colour cladding.

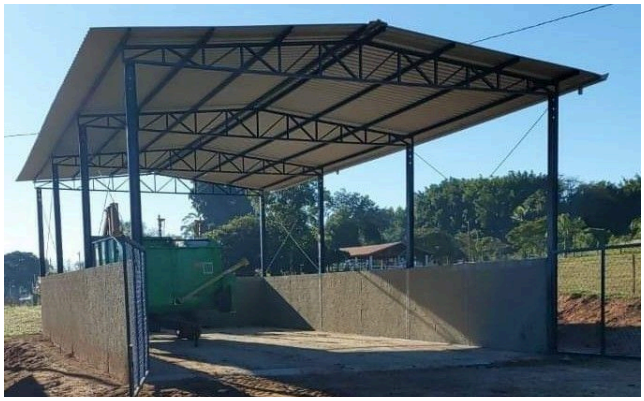

Commercial shed with rolling shutters.

Prefab warehouse: completed project, large entry gate.

Open truss shed structure: wide-span truss roof, open sides.

Agricultural canopy shed: open-air PEB, farm application.

WHERE WE WORK

Free site visits in Delhi, Noida, Gurgaon, Faridabad and Ghaziabad. We also take projects in the wider NCR and in nearby towns of Haryana, Uttar Pradesh and Rajasthan.

City	Areas we serve
DELHI	
Bawana	DSIIDC industrial sectors
Dwarka	All sectors, Sector 1 to Sector 29
Narela	DSIIDC industrial sectors
UTTAR PRADESH	
Noida	All sectors, Sector 1 to Sector 168, and Noida Extension
Greater Noida	Surajpur, Ecotech, Site A to C, Yamuna Expressway Industrial Area
Ghaziabad	Sahibabad Industrial Area, Vaishali, Indirapuram, Vasundhara, Loni
Meerut	Delhi-Meerut Expressway corridor
HARYANA	
Gurugram	Udyog Vihar, Sector 37, Basai Road, IMT Manesar
Manesar	IMT Manesar
Faridabad	Sector 24 and 25 Industrial Area, Ballabgarh, NIT, Faridabad-Palwal Road belt
Palwal	IMT Palwal, Hodal, NH-19 belt
Sonipat	Kundli Industrial Area, NH-44 belt
Kundli	Kundli and Rai Industrial Area
Panipat	Textile, handloom and warehousing units
Karnal	Industrial Estate, NH-44 belt
Rohtak	Industrial estate and surrounding rural belt
Bahadurgarh	Manufacturing units near the Tikri border
Rewari	IMT Bawal, Dharuhera, Rewari town, NH-48 belt
RAJASTHAN	
Bhiwadi	RIICO industrial area

Your city is not listed? Call us and we will confirm coverage by phone.
